## Emergency Solutions:

Modular Solutions, Ltd provided temporary classrooms for the Glendale Union High School District after extreme weather conditions caused flood damage

# Glendale Union High School District

Modular Solutions, Ltd was called to help the Glendale Union High School District out when they were hit with torrential rain storms. The district needed immediate classroom space to for temporary replacement. Modular Solutions, Ltd had (6) classrooms in inventory ready to ship. By working closely with their onsite contractor McCarthy construction and with the District we were able to get them all installed an in place within days of local/state expedited approvals.

District managers met with state and local building officials to ensure compliance and Modular Solutions, Ltd utilized classroom buildings that met ADA and current fire code regulations.
