

Imagine Charter School Sierra Vista, AZ

Complete Campus Solutions:

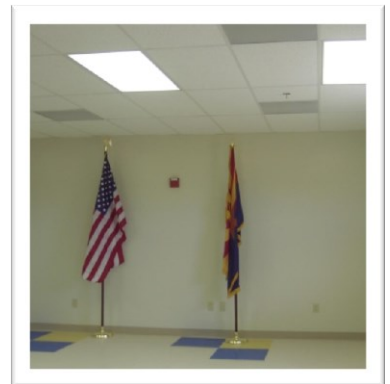

Imagine Charter Schools was working with a local developer. The only solution for them was a concrete floor 50 year life cycle permanent modular building.

Imagine Charter School- Sierra Vista, AZ

Imagine Charter School was opening a new campus in Sierra Vista, AZ. This initial phase had to be 15,000 Square Ft, and was on a very tight schedule. The developer First West Properties was excited about getting the site developed, but it took longer than expected to get all the legal arrangements and permits completed.

Upon award Modular Solutions, Ltd had 75 days to complete a concrete floor 50 year life cycle building ready for the new school year occupancy. The project was completed, and now the school site has over 30,000 sq ft on that location.
