

North Star Charter School Phoenix, AZ

Turnkey Development Solution:

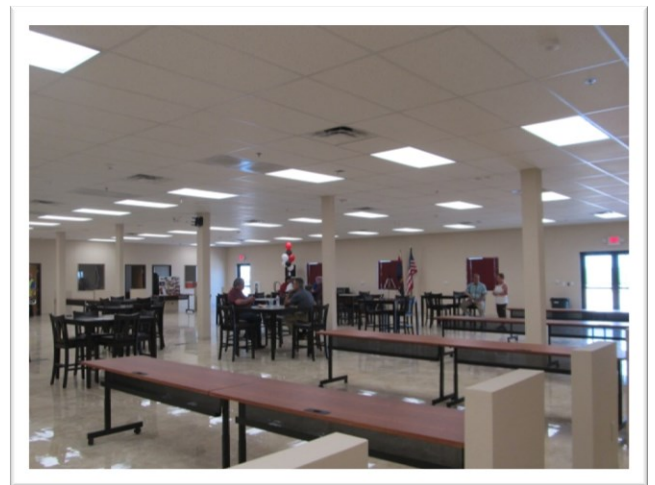

When North Star Charter School was ready to open their new campus they needed funding, land, permits development, and the building. Modular Solutions, Ltd built a team to get it done in time for the new school year

North Star Charter School-Phoenix, AZ

North Star Charter School had just received a great rating from the state, and knew it was time to capitalize on their success. The challenge was to find a new location, get funding, get permits, construct a building and make all of this happen by the next school year.

Modular Solutions, Ltd brought a team together including Champion Partnerships to make the schools' vision a reality. It was not easy, there were lots of hurdles along the way but in the end North Star Charter School has a beautiful new campus that will enhance the community and that will continue to be a successful performing school.
